Pet First Aid

for dogs and cats

Pet First Aid is the *immediate* and *temporary* care given to an injured animal until it can be taken to a professional veterinarian for more definite medical care and attention.

Topics Covered in this 4-hour course include:

- Finding the pulse and recognizing abnormal pulse rates
- How to detect if the animal is dehydrated
- How to recognize an emergency
- How to approach a sick or injured dog or cat
- Capturing and restraint techniques
- Rescue breathing (practiced on a dog or cat manikin)
- CPR for dogs and cats
- Choking emergencies
- Controlling bleeding
- Splinting a fracture
- Sudden illnesses such as seizures, bloat and vomiting
- Poisoning
- Preparing your pet for a disaster

***Hosted and Facilitated
By Certified Arlington
Animal Services Staff***

Course Fee:

\$35.00 per person

(includes 114-page Pet First Aid book)

Participants also receive
a Red Cross course completion certificate
